

Assembly prompt sheet

We have created a video suitable for primary school pupils (and above) that showcases the magic of what we do at Make-A-Wish UK and the incredible impact a wish has on a child and their loved ones.

As follows are some prompt questions you may like to use to spark and inspire discussion and conversation among pupils. These can also complement the other activities included in this pack.

Before showing the video:

1. If you had one wish what would it be?
2. How would getting your wish make you feel
 - You can ask younger children to share one word and capture what everyone shouts out in a big word map
3. Is your wish different to your friend's?
 - Why do you think this is?

Post video:

4. How do you think the wish children you have just seen felt when they had their wish?
 - How do you think they feel before, during and after their wish
5. How do you think their families feel?
6. What do you think makes a wish so great for a wish child?

You can download the video at www.make-a-wish.org.uk/assembly
