

Virtual Quiz

A quiz night is always fun, even when done virtually. As a way to lift spirits, you could host a quiz that you and your colleagues and friends can play after work. Set a small fee to pay and the winner splits the money with themselves and Make-A-Wish!

Donate Travel

One good thing about lockdown is the morning commute takes no time at all! You could donate your usual travel fare to us at Make-A-Wish.

GAME STARS

Gaming is a good way to pass the time whilst stuck indoors. You can even raise money whilst playing, why not try streaming for Make-A-Wish and be a Game Star! Or, you could do a Gaming sweepstake with your colleagues and friends. Split into teams and people can bet who they think will be the winner. Half the money won could be donated to Make-A-Wish.

Wear What You Wish!

Hold a virtual fancy dress party and invite people to dress up as something they would 'wish' to be. Think mermaid, pirate, or maybe your favourite princess or superhero! Enjoy online party games and perhaps have a prize for the best dressed person. Charge a small entry fee for everyone invited, and charge those that don't dress up double!

Grow a beard, shave your head, take on a fitness challenge, or give up something you love like chocolate and sweets.

Take on a challenge as part of a team or on your own and set up a sponsorship page.

Personal Isolation CHALLENGE

Virtual Bake-Off

Perhaps you can give Mary Berry a run for her money? With more of your friends and family, why not host a bake-a-long on Zoom or Skype. Asking your friends to contribute to your fundraising page, you could even have a decorating competition.

For those of you a bit more competitive why not pay a donation to take part in a bake off. Choose a theme, and a date, and ask colleagues or friends not taking part to judge the best looking bakes.
